Can You Help?

As you may know there is a group of dedicated parishioners who volunteer to count the weekend collection on Sunday mornings. These teams of parishioners spend anywhere from one to two and a half hours doing this work depending on the volume and the weekend. They are very generous with their time and the parish thanks them very much.

I was wondering if you can help them streamline the job so that they can be efficient with their time as much as possible? There are a few do’s and don’t’s that I hope you will follow as a charitable act:
1. Never use tape of any kind on your envelope
2. Never staple anything
3. Never fold checks or money
4. Always list amount given donated on the outside of the envelope
5. Use the least amount of checks possible...in other words, if you are contributing for two weeks at a time, for the same purpose ie., weekly, just use one envelope and one check. (The bank charges the parish for excessive number of checks deposited.)
6. Consider giving online. This eliminates the volunteer counters from having to open, count and process your contribution. Online giving can be easily set up by going to the parish bulletin online and clicking “online giving.” It is safe and easy. You control the amount and frequency and would really help by making the counters job easier and eliminating bank fees.
